Every mile you sponsor will help provide poor families in Africa with livestock and training in natural farming techniques – kick starting a process that will benefit their communities for many years to come. Access to milk, meat or honey, and to the fruit and vegetables grown as a result of using their animals' manure to rejuvenate their soil, means improved health and the ability to generate an income through the sale of the surplus. And, with every farmer agreeing to pass on the equivalent of what they received to another poor farmer, hundreds more will also be helped in this way.

Increase your donation at no extra cost with Gift Aid!!! If you are a UK taxpayer, then please tick the box marked Gift Aid and fill in your full name and address including postcode. This will enable us to reclaim 28p for every £1 you donate below to Send a Cow.
